## Impact Report

NeighbourhoodNetwork  
Building Better Communities Together

### About Us

Our **Mission** is to multiply community giving and create caring and vibrant neighbourhoods through promoting volunteerism, linking resources, and supporting local charities and agencies.

Our **Vision** is building better communities together.

MESSAGE FROM

**Erin Cerenzia, Manager, Community Relations**

At Magna, we believe in creating a better world of mobility, responsibly and using our innovative technologies, systems, and concepts to make vehicles safer and cleaner, while serving our communities, the planet and, above all, people.

Last year our team was proud to drive impactful change across York Region by increasing our network of volunteers and charitable partners, leading our colleagues in important fundraisers, and delivering our core programs to enhance volunteerism and support urgent community needs.

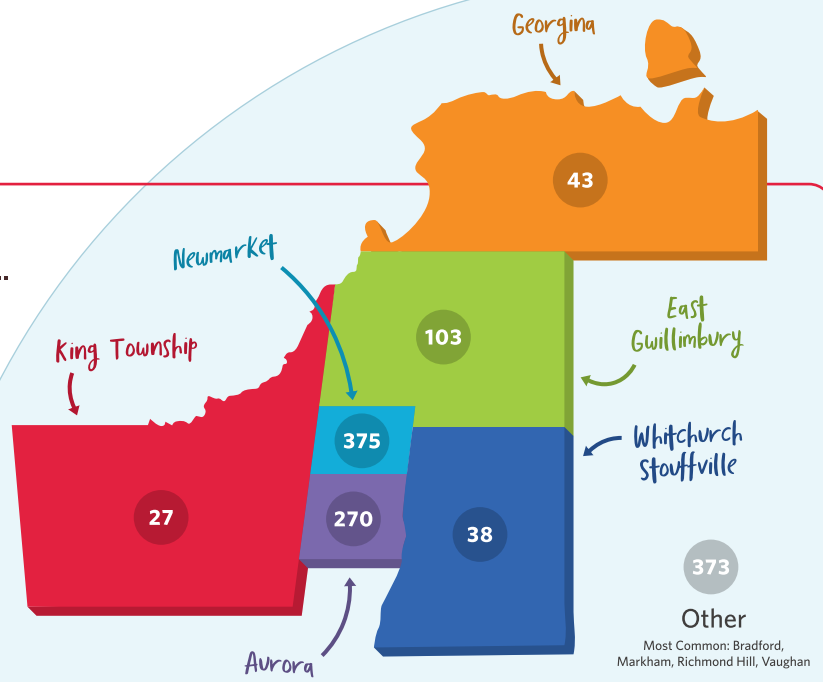

As we look ahead, we're committed to continue building better communities together, and inspiring others to positively impact how we move **forward, for all**.
